

WINTER RIVER - TRACADIE BAY WATERSHED ASSOCIATION

COMMUNITY NOTICE

26 July 2014

Attention watershed residents:

How does the quality and quantity of our water affect you? We want to hear from you during our door-to-door campaign from July 28th to September 30th.

You can share your ideas, concerns, or ask us questions and learn more about water issues that impact residents. We'll bring information sheets on important topics, and ask you if you want to become a supporter, volunteer, or member of our association. We're also giving out beautiful fridge magnets featuring a lovely spot on Tracadie Bay.

If you aren't home in the evenings to have a chat with someone from our team, email us at Info@WinterTracadie.ca to arrange a visit or phone call with someone at another time.

We would also welcome more volunteers for this or any other project. You can email us at Volunteer@WinterTracadie.ca for more information.

You can connect with us on our website, WinterTracadie.ca or by Liking our page, [Facebook.com/WRTBWA](https://www.facebook.com/WRTBWA) for more regular updates.

Supporting The Watershed, So It Can Support You.
