

WINTER RIVER - TRACADIE BAY  
WATERSHED ASSOCIATION

Invites residents to enjoy the spring weather by participating in our

## Community Tree Planting Events

Help make your community more beautiful by planting some native Acadian forest trees. We will be planting native trees and shrubs of all shapes and sizes.

**June 13**

**June 20**

Brackley Commons park (14 Union Road)

16 Harbour Road, Grand Tracadie

Both events will run from 10am until noon. We will be providing trees & tools, snacks & drinks. In case we have a large turnout, we also suggest that people BYOS (Bring Your Own Shovel!, favorite work gloves, etc.).

Besides planting trees, participants will:

- Learn about the Acadian Forest
- Be entered in a draw to win a free low flow shower head
- Get some exercise and fresh air

Major funding for these projects has been provided by the

**Walmart Evergreen Green Grants program.**
